EXPERIENCE

NETWORK SUPPORT

CDK Global (Jan 2025 – Present)

- Troubleshoot Cisco SD-WAN and VMware VeloCloud edge routers, including VPN, routing, NAT, static routes, WAN failover, and connectivity issues.
- Configure and troubleshoot Cisco Meraki switches, including VLANs, switch ports, STP, trunk/access ports, DHCP, and Layer 2 connectivity.
- Use monitoring and packet-analysis tools such as SolarWinds, Wireshark, and device logs to identify outages and performance issues.
- Troubleshoot firewall policies, VPN configurations, and routing changes to maintain secure network connectivity.
- Manage and document incidents through Salesforce while meeting SLA and response-time requirements.
- Provide remote technical support and clearly communicate troubleshooting steps and resolutions to customers.

SENIOR IT SPECIALIST

Danfoss (Aug 2023 – Jan 2025)

- Managed and resolved IT incidents using the ServiceNow ticketing system.
- Administered user accounts, permissions, and access in Active Directory and Microsoft Azure.
- Diagnosed and resolved hardware, software, and network connectivity issues.
- Provided technical support and collaborated with cross-functional teams to ensure timely issue resolution.

SOFTWARE ENGINEER

Direct Components (Jun 2022 – Aug 2022)

- Developed and maintained business applications using the Zoho development platform.
- Wrote and optimized SQL queries for data retrieval, reporting, and application functionality.
- Troubleshoot, tested, and resolved software issues to improve application performance and reliability.
- Collaborated with cross-functional teams throughout the software development lifecycle using Agile methodologies.
